

TECHNICAL DATA SHEET

Protective Guard

- In certain installations, there is a need to provide mechanical protection to the pressure stabilisers.
- To facilitate this, R&D provide protective guards to fit over their pressure stabilisers.

Benefits to the Designer

- Hassle free design service.
- Quality engineered reliable products.
- RAL 9010 powder coated as standard.
- A wide choice of other RAL powder coat colours are available.
- Meets UK HTM2025 guidelines for hospitals.

Benefits to the User

- Reliable.
- Ease of maintenance.
- Easy to clean resilient surfaces.
- Unobtrusive Installation.
- Preventing damage to the stabiliser.
- **SteriTouch® Antimicrobial protection.**

Product Features

- Provides additional mechanical protection for air pressure stabilisers.
- Constructed from steel weld mesh.
- Designed to fit over the pressure stabiliser.
- **SteriTouch® Antimicrobial protection.**
