

TECHNICAL DATA SHEET

Blackout Box

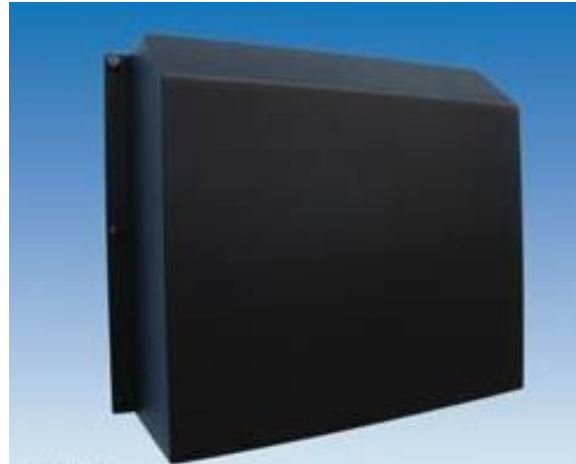

- In certain laboratory installations there is a need to prevent external light from entering the laboratory through the pressure stabilisers.
- To facilitate this, R&D provide blackout boxes to fit over their pressure stabilisers.

Benefits to the Designer

- Hassle free design service.
- Can be installed over the stabiliser, either inside or outside the laboratory.
- Quality engineered reliable products.
- RAL 9010 powder coated as standard.
- A wide choice of other RAL powder coat colours are available.

Benefits to the User

- Reliable.
- Ease of maintenance
- Easy to clean resilient surfaces.
- **SteriTouch® Antimicrobial protection.**

Product Features

- Designed to fit over the pressure stabilisers to prevent any external light from entering the designated room.
- Easy to clean resilient surface.
- Free design service offered.
- **SteriTouch® Antimicrobial powder coated as standard.**
